Dead in All Sections Affected By the Floods May Not Go Over 2,000 — In Other Points Than Dayton Fatality List Grows Hourly.

Revised estimates of the loss in Dayton received last night give ground for hope. The dead in all sections affected by the flood will not exceed two thousand and may go below that figure. Daring investigators who persisted in the search for bodies of persons who were feared lost. Unless excelled by the death list in the forenoon settlement on the north side, as yet unsearched, there may not be more than 200 dead in the whole city.

There was far heavier loss of life in the west side of Columbus, Ohio, than was thought. On estimate placed the number of dead there was also six hundred.

Apparently authentic reports from the Piqua indicated twenty dead. At Piqua, Ind., the authorities estimated the dead would reach 100. At Hamilton, Ohio, 100 persons were reported drowned in the collapse of a hotel where they had sought refuge.

Twenty-five deaths were reported from Troy, Ohio, thirty in Middletown and five in Cincinnati.

Deaths from the flood in Chillicothe will not exceed 25, according to the latest advice. Early indications were that 200 to 300 lives had been lost.

A report from Indianapolis, Ind., gave 16 persons drowned at Havenville, 25 persons drowned at Columbus, Ohio, and 10 persons drowned at Dayton.

Estimates are that 70,000 people were marooned in Dayton's flooded district, where 15,000 homes have been submerged.

Rescue stations are providing for the homeless. The property damage in the city is figured at \$25,000,000.

Rumors that the Dayton flood had killed the Llewellyn reservoir broken were found to be untrue. Threatened breaks in both were repaired and danger to Government property at Columbus has been removed.

It is said that 150 lives are believed to be lost. About 150 homes are believed to be lost. The flood broke out at one point, but it was not believed it would spread. Twenty were found dead and about 100 were reported missing.

Except for possible loss of life on the north side of the river, there will not be more than two hundred dead in Dayton, according to Police Chief Albach's estimate after receiving the given information as to the situation on the south side.

Trouble in Workhouse. The worst condition found near the centre of the flood was in the workhouse where sixty prisoners have been held a drop of water nor a bite of food since Tuesday.

Johnson asked that a detachment of national guards be assigned to help him handle the men. He declared that the men would have to be shot if they escaped from their cells.

Deaths in Individual Homes. While there may be many deaths in individual homes, which have been without food or drink, there was no place but the workhouse where any considerable number of people were held without food. None had enough, but no case approaching actual starvation was found.

The progress of the first canoe into the waterboard district was greeted by appeals for bread and water.

1,000 IMMIGRANTS REACH WINNIPEG

Have Been Detained in Ontario by Storms of Last Few Days.

By Bulletin Leased Wire. Winnipeg, March 27.—Over one thousand immigrants arrived at the C.P. station tonight on five immigrant trains, which have been delayed by the snow storm in the Lake Superior section of the line. The immigrants were passengers on the steamer "Vigilant" of Toronto, and should have arrived here two or three days ago. About 200 Canadian natives are reported to be in the city, but by far the greater majority are British. There are 100 there are 10 Italians, 20 Germans, 10 Danes and 10 Russians.

Begin Office Work for Relief. Regina, March 27.—Primes and President Wilson today offering \$1,000 to the relief fund for the victims of the flooded district. To receive of \$100 will also be sent to the mayor of Omaha.

You Can Look Ahead

If You Will But STUDY THE PAST

You probably missed making a fortune in real estate in Edmonton. You wanted until it was a case of buying out-side of the three mile circle or nothing at all.

Before now, you have seen inside property sold at one or two hundred dollars per lot. And that same property sell later on for thousands.

You have seen your friends buy the same property and you told them to wait. And yet that "Do it now" friend is today driving his own automobile while you are working for a living.

You are as wise as he is, only you put it off while he acted.

With this exception—

The World is Now Awake to Canadian Opportunities,

and five years will develop DUNVEGAN AND THE PEACE RIVER DISTRICT, where it took 20 years in Edmonton and Central Alberta.

Edmonton is where the railroad first reached the Saskatchewan—Edmonton is the metropolis of Central Alberta today.

Dunvegan is where the railroads will first reach the Peace River. Dunvegan will be the metropolis of the North tomorrow. Edmonton's history will be repeated in the building of Dunvegan.

The centre of a New Town is invariably the Post Office, Telegraph Office and Land Office. In offering

REAL ESTATE MAN IS CONVICTED OF FRAUD

Purchased Land for Vermilion Farmer at \$150.00 Per Acre, and Gave Understanding That He Had Paid \$200.00—Judge Says This is Common Practice, But Illegal.

Sentence of 24 months imprisonment was imposed by Mr. Justice Stuart, in Supreme Court yesterday on Joseph Robinson, the Vermilion real-estate man who was charged with having obtained \$150 by false pretences from a certain farmer named Chas. Dandy, who settled at Vermilion in 1911, and who asked Robinson to purchase him a half section of land. Robinson bought the land at \$15.00 per acre, and sold it to Dandy at \$20.00 per acre, but gave Dandy to understand that he had paid it for \$25.00 per acre.

Mr. Justice Stuart remarked that he believed what Robinson was convicted for was a general practice in this province, but nevertheless he confessed that the practice amounted to false pretences.

BANK ACT IS AGAIN BEFORE COMMITTEE

Representative of Manitoba Grain Growers Association to be Summoned Before Committee to State Farmers' Position on Subject.

Ottawa, March 26.—The committee on banking and commerce tackled the bank act again today. Mr. Atkinson called a motion to amend the act to give to the committee the power to select the representative of the Manitoba Grain Growers Association.

Hon. Mr. White had struck out of clause 34 the provision that the director may appoint a director for branch banks. He stated that respondents should not be divided in that way.

Mr. White presented an amendment prescribing a penalty of two years imprisonment or \$1,000 fine in case where any director or officer of a bank accepts a gift or emolument from any customer or prospective customer securing transaction or accommodation.

White suggested that this proposal stand until the general penalty clauses are reached, and Mr. Curran consented.

Mr. McCreedy complained of the present system of transferring shares as causing much inconvenience. If a shareholder died in Manitoba, he could not be paid there. If a shareholder died in Quebec, this was a hardship and he proposed to move that registers be opened in each province to overcome the difficulty.

Mr. Curran, in charge of discussing the bill, stated that it was in the interest of the public to know who were the real owners of bank stocks held "in trust" by corporations.

Mr. White considered it extremely difficult to compel the banks to indicate the precise interest in every holding of shares of trust. However, he would consent to have the clause stand.

BUFF GRABBER PROPOSAL

If the city council approves the recommendation of the public works committee, Edmonton will acquire a controlling interest in the Half Travel Company.

A motion was carried on the recommendation of the committee that Mr. Huff and the city commissioners reach an agreement with the company to sell the stock to the city at 10 per cent of the stock in the company at a total of \$100,000. The company has 100 shares of stock in the company at \$100,000.

The council will be asked to try this agreement at its special session next Friday afternoon.

**TO THE COMMISSIONERS AND COUNCIL
OF THE CITY OF EDMONTON**

Protest Protest

THE DAILY PAPERS on Wednesday and Thursday gave space to a proposed offer from the City of Edmonton to the Huff Grading Co., Ltd., whereby the City of Edmonton proposed to purchase \$75,000 worth of Shares in the said grading company. **THE SAID NEWSPAPER** articles further set out the assets of the Huff Grading Co., and in addition gave the supposedly good reasons why it would be a good business venture for the City of Edmonton.

THE UNDERSIGNED GRAVEL COMPANIES, operating in and around Edmonton, take exception to the proposed proposition both as citizens and gravel companies, and are taking this means of voicing their opinions of the matter.

AS CITIZENS we make bold to state and claim that we can prove that it is not a good business proposition.

AS CITIZENS we protest against the action of the City Commissioners in recommending the above mentioned proposal, on the ground that it is unfair to the many concerns who have come into the city encouraged by the shortage of and the necessity for building material of this class.

AS GRAVELMEN we claim we can point out many reasons why the Huff Grading Company, from a competitive standpoint, is not a good business proposition.

WITH ALL DUE RESPECT AND CONSIDERATION we would like to know if the following points have been given due consideration, and suggest that it might be wise for the City Commissioners to discuss the points herein set out with the various companies before entering into an agreement of such magnitude.

(1) **DO THE CITY COMMISSIONERS** believe that **ASSETS** approximating \$45,000, located near Marjorie St. Bridge and used for taking gravel from the river bed, a necessary adjunct to accompany that as seen fit to buy an inland gravel pit 35 miles distant on a railroad, and have they considered the present actual value of this plant, which it seems evident to the gravel man is to be abandoned.

(2) **HAVE THE CITY COMMISSIONERS**, in undertaking to pay \$200.00 an acre for 328 acres of gravel land, considered that land adjoining this same land could be bought for considerably less money.

(3) **HAVE THE CITY COMMISSIONERS** investigated the kind of machinery that is to be used in handling the gravel at the pit and compared this with other methods being used that are considerably cheaper.

(4) **HAVE THE CITY COMMISSIONERS** stopped to consider that other gravel companies in the field will have from 15 cents to 25 cents per yard a better freight rate and that this in itself would destroy any dream of possible profit to be made in selling to outside concerns. **IN VIEW OF THE FACT** that many new gravel concerns have been encouraged to come into the city and have expended and obligated themselves to the extent of half a million dollars, it seems hardly fair that this proposition should be rushed through at next Saturday's meeting of the council without giving the gravel concerns time to properly voice their objections.

THE GRAVEL COMPANIES ARE NOT ASKING ANY FAVORS... All they want is wholesome, legitimate competition, and urgently request, in all fairness, that this matter be tabled for 30 DAYS.

THESE AND MANY OTHER PERTINENT QUESTIONS we would like to present to the City Commissioners, and we protest strongly against the passing of any recommendation that—out it's face to the experienced gravelman, both as a citizen and a gravelman—seems ridiculous from a business standpoint.

THE QUESTION IS, WHAT IS THE CITY GETTING FOR ITS MONEY? WE BELIEVE WE CAN SHOW THEY ARE NOT GETTING A GREAT DEAL.

Law Society Disapproves the Separation of Two Branches

Proposal to Separate Roll of Barristers and Solicitors as in England Is Discussed by Members of the Bar—Large Majority Against Motion.

A proposal was discussed at the second general meeting of the members of the Alberta bar, which met at 190 members in attendance in Edmonton yesterday. The roll of barristers and solicitors is separated here as in England. In support of this motion, C. C. McCall, K.C., Edmonton, gave an able address, sketching the history of the profession. James Muir, K.C., president of the Law Society of Alberta, addressed the meeting, and an address of welcome was extended to the visiting members by J. C. F. Brown and J. R. Macdonald, J. L. Pawette, Macdonald, was elected chairman, while C. F. Adams, Calgary, acted as secretary.

Favors Specialization.

The question of separating the solicitors and barristers on the roll aroused a good deal of interesting discussion. In favor of the motion Mr. McCall urged the advantages to be derived from a division of labor, that the barristers were most apt to have the right judicial temperament, the prevalence of the client often affecting the solicitor, the greater influence with the courts of barristers of long experience and recognized standing and also the tendency to specialization. He pointed

ed out that under a division of the duties of barristers and solicitors, barristers were able to specialize in such subjects as company law, property, banking, constitutional law, private and international law. He also urged that great counsel were born and not made.

Cost of Litigation.

Other speakers followed, both for and against. James Ross, an Irish solicitor, advised against the practice on the ground of the great increase it would entail in the cost of litigation. He also said that in Ireland the best lawyers were paid by the hour, by a dozen leading barristers, who were not to undertake any case not matter what the interests involved unless their special terms were agreed to. Further he contended that it would not be in the interests of the profession, because it was a custom that counsel had to be engaged by the solicitor, the counsel very often did not give sufficient time to their cases in order to properly grasp them and as a consequence the clients and the public had the cases in hand suffered.

The vote being taken the motion to separate the two branches of the profession was lost by a large majority.

RAND ALLEGED OPPONENT

The law of the dreamy boy of a boy and the villainous of Detective Sheridan found Sam Lee, Jim Lee, James Brown and Elmer Lee, behind the bars last night, and the contents of a room in a Chinese laundry at 408, N. Main street, are now at police headquarters.

The house fire Detective Sheridan has led suspects of the place, and last Wednesday afternoon seeing the whole men, James and Elmer, enter the door thought there were grounds for a raid, and promptly closed in on the house.

When the police reached the room upstairs they found Brown and Elmer lying upon a long table in the room. Pipes were ready, and a small alcohol lamp with which to cook the dreamy pill of brownish opium was burning brightly. In the room were found six full one "tast" tins of crude opium.

Nothing is known of the two white men who were arrested, both claiming they just came into town. They had only a few dollars between them, though very well dressed.

Sam Lee, who is charged as keeper, was let out last night on \$250 bail. The other three being unable to raise funds, remained behind the bars, and will likely appear in police court this morning, charged with being frequenters of an opium joint.

Killed by Train.

Calgary, March 27.—D. B. Stude, a farmer, was instantly killed here today when he crawled beneath a freight train in which were stored his household and farm effects. The train was started while Stude was under the car, and he was ground to atoms.

Edmonton streets now, however, those of a day and brilliant, ornate, day. The shriners are here. "Snuff." Four hundred strong, members of the Al Ashar temple of the Nobles of the Mystic Shrine arrived from Calgary yesterday. The visitors were met by the local Shriner, who had over one hundred automobiles at the South side station to meet the special train when it pulled in at 3:30.

At 10 o'clock the distinguished visitors were breakfasted at the Corona hotel, where they were regally entertained. Mayor Short presented W. F. W. Lest, High Priest, Potentate, with the little golden key which gives them the freedom of the city. But the local Shriner did not think this key was big enough to open up all the shrines that the Shriner intend to pull off during their sojourn in the oasis of Edmonton. The Douglas, himself of the Shriner, presented Mr. Lest with a big wooden key. This key was only five feet long. It is guaranteed to open anything.

After breakfast was over the visitors were taken to the different hotels where they will be staying.

At 2 o'clock in the afternoon there was a grand parade, starting from the McKays avenue school, via Jasper avenue. The 101st band, and the Klippers from Medicine Hat were in attendance. It was a brilliant affair, with all the noisies fully attired and the unfortunate to be initiated at night following meekly behind.

Ladies' Reception.

At six o'clock there was a ladies' reception at the Assenite hall, given by the wife of the local Shriner. There, at 7:30, at the McKays avenue school there was the big feature of the pilgrimage—a grand ceremonial. Where there were stunts that will go down into history. The expectant and curious general public were not allowed to gain admittance. None but those who have the mystic sign in their forehead, and carry the official green and white card, need try to enter the portals. There was a pompous official at the door who big seminar of fire, and his orders are explicit.

There isn't no use in "Mundis, fustis, or comis." The Pote he gave the orders. An I'm tending to 'em, p-a-d;

AT THE CEREMONIAL

If you want to get behind me, You'll have to say "I'm blind me. Or else you'll always find me. Askin' to see your card.

On Friday the visitors will be shown the delights of the city; on Friday afternoon the ladies will rest, while the men will have a smoker at the Overseas Club at three o'clock; and in the evening there will be a ball at the McKays evening school at nine o'clock, tickets for which may be obtained at the Shriner's headquarters, 124 Jasper West.

Officers of the Temple.

The officers of the Temple are as follows: Potentate, W. F. W. Lest; Chief Robb, E. L. Becker; Assistant Robb, J. A. Brookbank; High Priest, W. F. W. Lest; Grand Master, H. C. Almon; Grand Secretary, G. M. Lang; Grand Treasurer, T. F. E. Markley; Recorder, T. F. E. Markley; Grand Marshal, H. C. Almon; Grand Chaplain, H. C. Almon; Grand Organist, H. C. W. F. PUFFER CHOICE OF LACOMBE LIBERALS

Ex-Member for Lacombe Is Nominated at Liberal Convention—Puffer, of Lacombe and Sifton Are Approved.

Lacombe, Alta., March 27.—At a convention of the Liberals of the Lacombe electoral district, W. F. Puffer was the unanimous choice of the delegates and chairman of the meeting. The meeting was most enthusiastic and representative. Seventy-six out of a possible eighty-three delegates were present, besides many other interested electors.

A. M. Campbell, president of the district association, occupied the chair. Committees on procedure, resolutions and credentials were appointed. The nomination was by informal ballot. The various delegates nominated, after expressing their appreciation of Mr. Puffer's merits, retired in his favor.

Resolutions were adopted expressing confidence in the policy of Mr. Wilfrid Laurier, the Sifton government and the present member. A letter from Mr. Puffer was read, endorsing the stand taken by Mr. Wilfrid Laurier and his loyal supporters, and a deep appreciation of the efforts of Dr. M. Clark in promoting Liberal principles throughout the Dominion of Canada.

Mr. Clark's greatest feat at home in a league match is 9 to 2.

TERMINALS SITE AT LE PAS FOR N. B. ROAD

Portion of Indian Reserve Is Surrendered on Payment of \$12,500—Union Depot With C.N.R. Is Suggested.

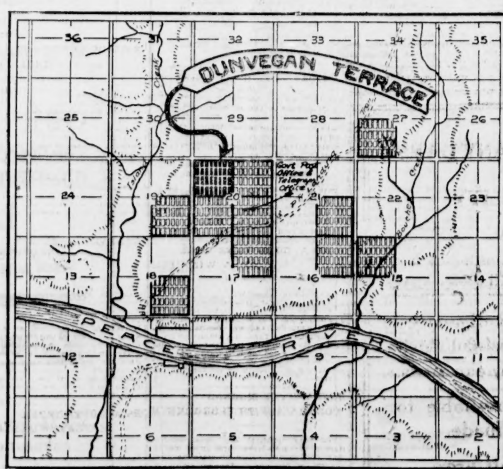

Le Pas, Man., March 26.—J. Jackson, Indian agent of Indian agency, arrived in town on Saturday. He called a meeting of the members of the Pas reserve and discussed with them the advisability of surrendering for use by the department of railways and his loyal supporters, and a deep appreciation of the efforts of Dr. M. Clark in promoting Liberal principles throughout the Dominion of Canada.

eighty-eight and a sixteenth areas were surrendered in consideration of the sum of \$12,500, one-quarter of which sum will be paid on the next treaty day, next July.

Mr. Jackson paid the members of the band five thousand dollars yesterday and three thousand seven hundred and eighty dollars on account. An agreement was also accepted for the surrendering to the government of five hundred and forty acres east of the C.N.R. and the land so obtained for further use in the same connection. The land purchased for terminals is situated within four blocks of the C.N.R. station and the company's right of way. It is surmised that this portion of the C.N.R. line and grounds will be purchased by the department of railways and canals and that a union depot will be located where the present C.N.R. station is now.

Make Your Money Work For You

The Real Secret of Wealth is JUDICIOUS INVESTMENT in Vacant Land Which Has a Prospect of Appreciation in Value

Dunvegan Terrace is a Quality Investment

study the accompanying map, which shows our property in the heart of the rich virgin district in the best undeveloped portion of the East West.

Let us Tell You All About Dunvegan Terrace

The Heaton Realty Co., which has charge of the sale of the property, is located at 39 Jasper Avenue East, near First Street. You can also reach us by Phone 4917.

Here are a few cardinal points of an investment:

- Safety of principal and interest.
- Stability of market price.
- Convertibility into cash.
- Prospect of appreciation in value.
- Nearness to railroads.

Dunvegan Terrace is not a speculation. It has basic value. Dunvegan is attracting the interest of many people, also a large amount of capital, and it is the logical gateway for an enormous immigration to the wonderful Peace River country.

To that extent does our proposition conform with the cardinal points of an investment.

J. D. McArthur announced in Edmonton the other day that the Edmonton, Dunvegan & British Columbia Railway Company will put down a hundred miles of rail this season, saying "We would put in two hundred miles if we could find the contractors to do the work."

Now is the time to put your money to work for you; others are doing it. Some of our lots in Dunvegan Terrace can be bought as low as \$100, in small payments, while others are higher in price. We can suit you as well as fit your pocketbook as to land and prices.
